Andrew Cook (London, UK)

Leo Lopez (Stanford CA, USA)

The “20th European Echocardiography Course on Congenital Heart Disease” will be organised in Rome from Wednesday 8th to Friday 10th September, 2027. This course is aimed for cardiologists, paediatricians, neonatologists, and intensivists, as well as sonographers with an interest in congenital heart disease, providing an extensive overview of echocardiography in congenital heart defects.

The programme is strongly built on the side-by-side comparison of morphology and imaging, and discusses the major abnormalities found in clinical practice. The faculty consists of world-renowned paediatric cardiologists, cardiac morphologists, and congenital heart surgeons.
